

SheliApp

Revolutionizing Virtual Pet Care
Simulator

SheliApp is NOT just a game!

It is a personal interactive pet trainer and simulator for pets with AI & blockchain.

Afraid to have
a pet?

Today's
solutions

Why it doesn't work

No practical
benefits

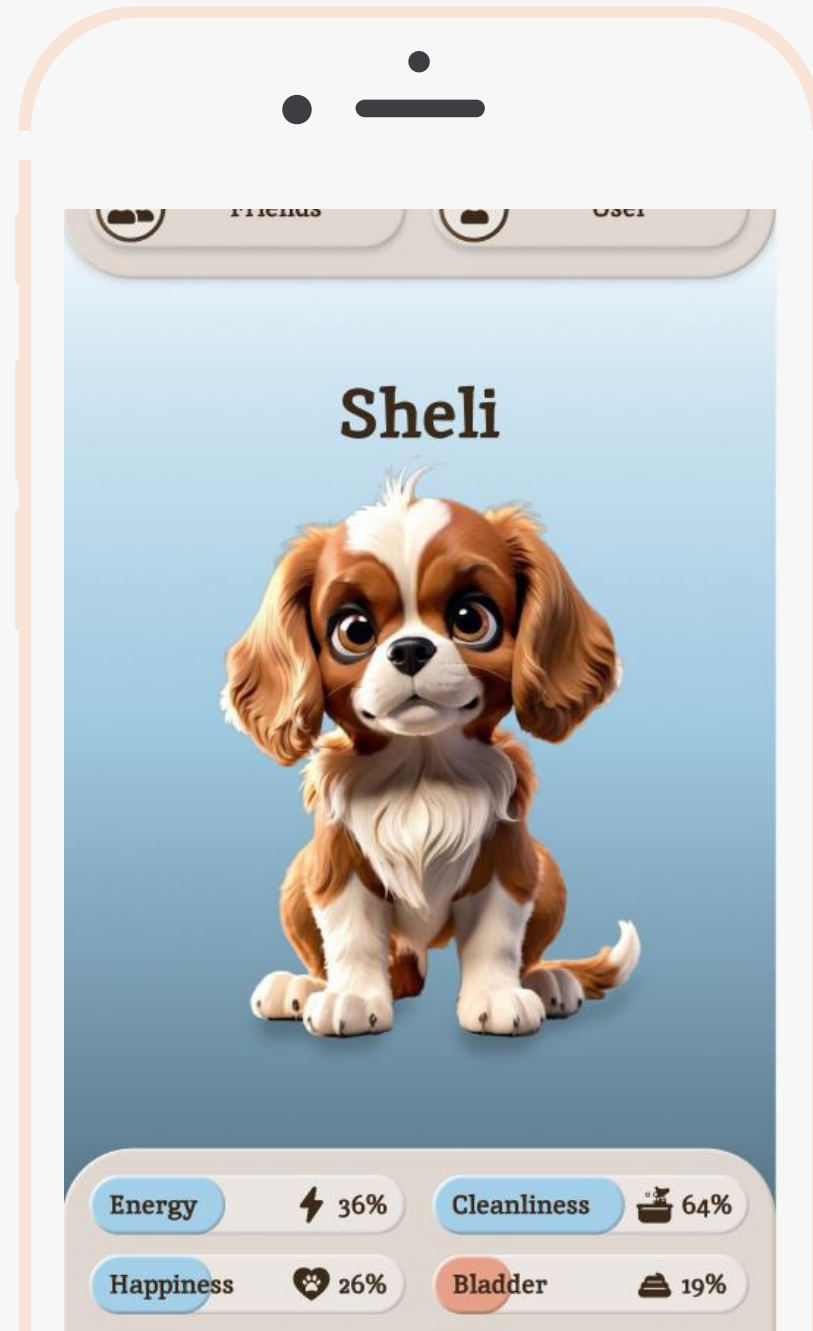

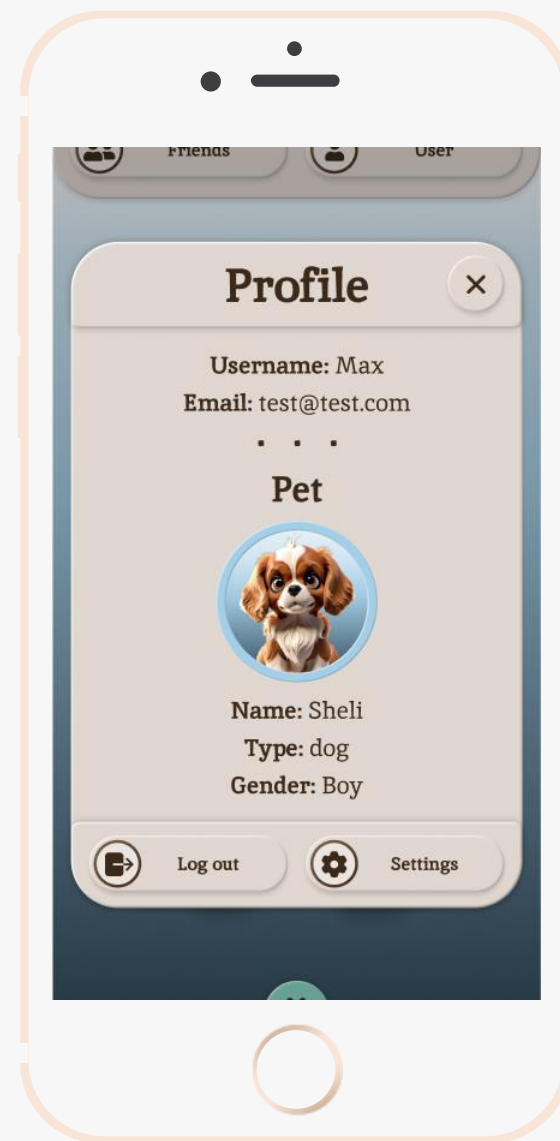

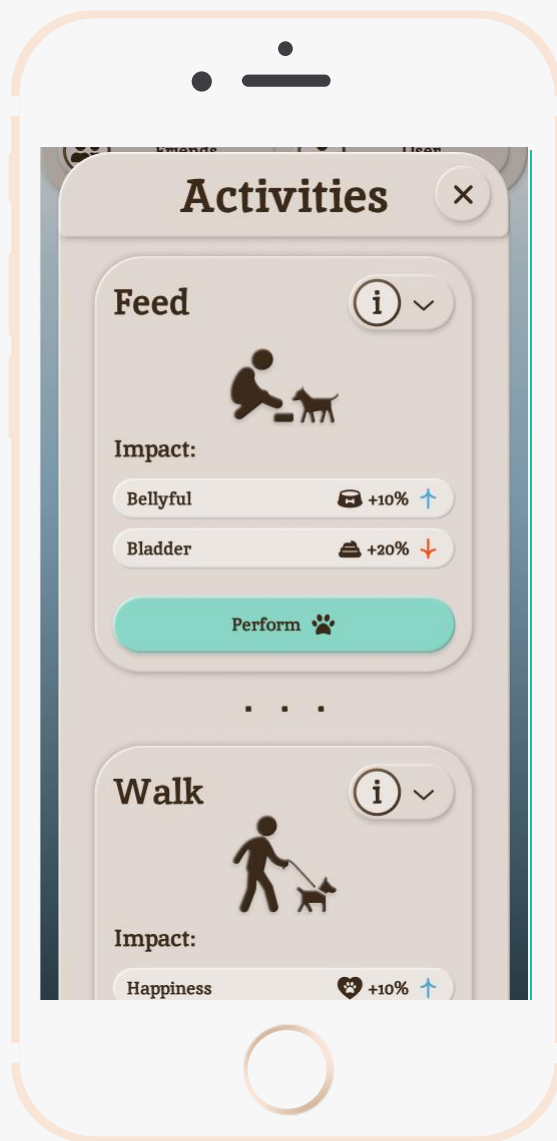

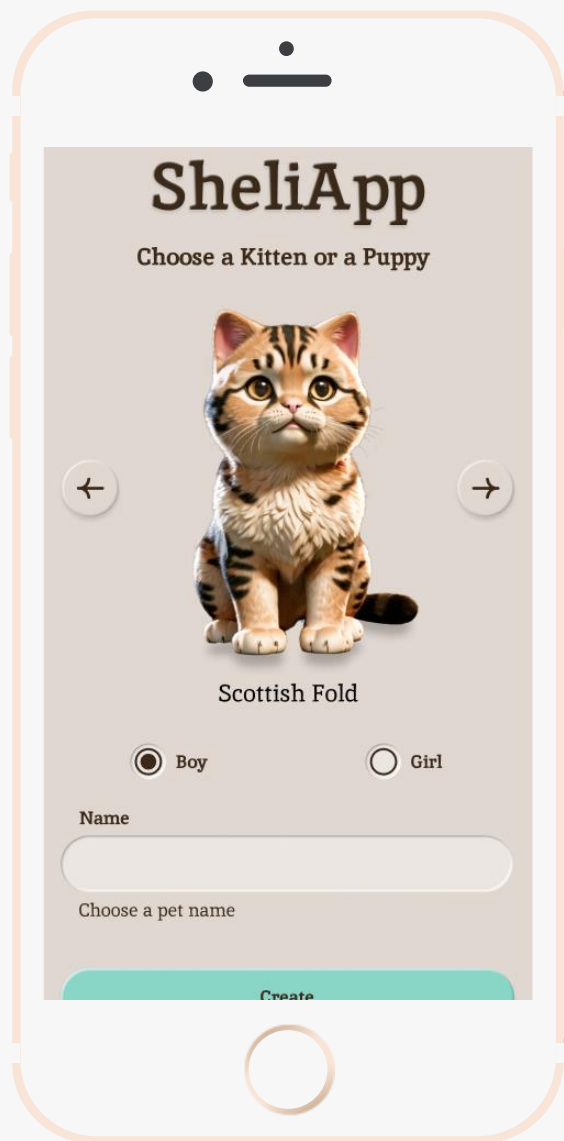

Not
personalised

Zero
customization

Your
solution

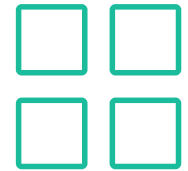

Awesome features

Realistic pet care
based on a
personal model
(AI)

Educational
content and tips -
Cynologists,
veterinarians,
breeders, etc.

Web3:
In-game Currency
& NFT items

Value Proposal

Improves the
quality of pet
care

helping current owners
understand the specific
needs of their pets
through personalized
AI-driven guidance

Reduces the
number of stray
dogs

by educating potential
owners on the
responsibilities of pet
care before adoption,
thus lowering
abandonment rates.

Supports
animal
shelters

offering them
additional resources
and creating
partnerships that help
shelters care for more
animals efficiently.
